

Omaha Makes it Eight Straight; Des Moines Wins From Denver

PA EATS PUEB LIKE THE REST

Omaha Continues Its Streak of Winning, Making Eight Straight.

BOMBARD MILLER IN THE BOX

Street Batters Like Horsesteeves and Walk Away with Pueblo, with Hollenbeck Pitching Steady Line of Ball.

Omaha, 5; Pueblo, 2. And still we win. It is getting to be a case of meeting all comers and putting them out as they appear at Vinton street park. No sooner do the Denverites leave than Pueblo, who have come here to take its medicine, the Champs were a little slow starting after the Pueblo scalps, but in the fifth round something was started that was finished at the close of the game.

From his managerial box Captain Frank scouted Mr. Miller, a southpaw, warming up, so he decided to put Pendry in the field in place of Belden, as Pendry can connect with those sidewheelers better than Belden. His judgment was good; Pendry took his only fielding chance and made a run, a hit, a sacrifice and stole two bases.

Miller now wishes he had never warmed up for the Rourke family took several good sized falls out of his delivery. They limbered him all over the lot for twenty hits and stole six bases. Miller issued passes to three and hit two with all he had a bid day.

For four innings the game was a battle-royal and then the string broke. Cadman started the fun; Cadman, the man with a broken leg who plays on one leg. Cadman started the string with a single, which was single and that was not all he did. He held the Pubs so close to their bases that not a sack was pilfered. Cadman caught a pretty game and will be a great strength to the team as he can spell Gending and besides Gending is better when he can rest once in a while.

That fifth inning won the game for the Rourkes and every player went to bat once and Cadman twice. He tried to equal Schipke's record of two hits in one inning, but only made one. Cadman opened with a single and Hollenbeck beat out a bunt. Then came Red Fisher with a neat double which scored them both. King was hit by the pitcher and Schipke sacrificed them both along in his impish style. He is a pretty bunter. Welch hit safe and Fisher was caught at the plate on an attempt to steal. Pendry walked, filling the bases; Cadman drew a pass, which forced King to go home with the third run of the inning. Baby Franck cloaked a hard one through pitcher and over second and Welch and Pendry scored.

Welch made the next run in the seventh inning on a hit; a sacrifice by Pendry, a stolen base, yes, Harry Welch stole third and scored on Franck's sacrifice fly to left.

Four singles scored three runs in the eighth inning. After Holly had retired Fisher singled and King beat out a bunt. Schipke singled and Fisher scored. Welch fouled out. Pendry singled and King scored and Slugger Bill stole home. He stole it in conjunction with Mr. Pendry, who was on first and while a wrangle was going on at the plate, Pendry went on to third.

Pueblo did all its scoring in the sixth inning. With one out Kessel singled and went to third on Curtis' double. Kurtiss scored on Clarke's single. Curtis scored on Spencer's infield. The same teams will play this afternoon.

Notes of the Game. Six stolen bases for Omaha either shows that the Omaha players are fast or else Mr. Miller was loosing.

Cobran made the only error of the game and that was a high throw to first to catch Slugger Bill.

Quite a number of the fairer sex were on hand in spite of the inclement weather. Many are learning to yell at the right time.

Cadman played a splendid game on his initial appearance as catcher of the White piler and he did several other things that were all right.

Every man on the Omaha team made one or more hits at the expense of Mr. Miller. If a few more of these teams will only come along from the mountains, the Rourke family will soon lead all the world in hitting.

Fast double play in the seventh inning was all that prevented Cobran from scoring. He was on third with one out and another runner on first when he was hit on first; Kessel hit to King, who tagged

Brooklyn Ties Up Game in Ninth After Two Are Out.

CONTEST IS PITCHERS' DUEL

Rucker Has Better of It, but His Team Lost Through Loose Fielding—Other National League Scores.

BROOKLYN, May 24.—With two out in the ninth and the score 3 to 1 in favor of Chicago, Alperman tripped and Jordan slammed the ball over the right field fence for a home run, being the score. Chicago had two men out in the ninth, when the Hoffman sent a hot liner to center. Catcher tried for a catch, the ball got away and before it could be recovered the runner had tallied the winning run. Rucker and Brown had a pitchers' duel, but loose fielding lost for Brooklyn. Prof. Wigman Hopes for Manual Training House

Wants City to Vote Bonds This Fall for Pay for Such a Building.

The people of Omaha may be asked to vote this fall on a school bond issue in the sum of \$125,000, the bonds to be set aside for the express purpose of erecting a building for manual training and domestic science for the Omaha High school. This is the hope of Prof. J. D. Wigman, head of the department, who will use his influence to have the Board of Education submit the proposition to the voters at the next election.

The original plans of the additional work now being done at the high school called for the expenditure of \$60,000 in erecting a new building to be used jointly for a boiler house and for manual training, but later it was decided that this building could not be put up this year as the funds are needed elsewhere. At the time Prof. Wigman was greatly disappointed, but now he says he is glad that the board decided not to build as if it had the building would have had to answer the purpose of his department for several years. By putting it off for a year or two he hopes to get a building better suited to his needs.

The Central High school on Grand avenue in St. Louis with an enrollment of 1,600 has just erected a building for manual training at a cost of \$125,000. Omaha has an enrollment of over 3,000 and therefore Prof. Wigman contends that an expenditure of \$60,000 on a building here would be utterly inadequate. The new St. Louis building is a three-story structure with iron works on the first floor, wood works on the second floor and domestic science on the third floor.

Speaking Dates for President Will Address Colored Students Wednesday and Western Yale Clubs on Saturday.

WASHINGTON, May 24.—Howard university, situated on the outskirts of Washington, D. C., is holding a conference of education of members of the colored races, is fortunate in having as its commencement speaker this year the president of the United States. The exercises are to be held Wednesday and President Taft will speak in the afternoon.

The president's public engagements this week provide also for his attendance at the fifth annual meeting of the Associated Western Yale Clubs at Pittsburg on Saturday.

He Has Vitalized and Appealed to the Conscience of the Nation, Says Publicist.

NEW YORK, May 24.—Oscar S. Straus, formerly secretary of commerce and labor and recently appointed ambassador to Turkey, was the principal speaker tonight at the dedication of a window in honor of the Roosevelt administration at the Metropolitan temple. Mr. Straus' speech was principally a review of the administration of Theodore Roosevelt. He said: "No other of our presidents possessed in an equal degree a mind so enriched with an historian's knowledge of the past combined with a statesman's foresight of the future. His measures have all been conceived under the guidance and inspiration of this dual equipment of retrospective knowledge of national growth and prospective insight into national tendencies. With great confidence in and deep sympathy for the plain people of our country, upon whose judgment and whose sense of justice all of our great presidents in time of transition and stress placed their ultimate reliance, Roosevelt has vitalized and appealed to the public conscience of the nation."

FANS JOSH POP WALLACE Crowd at Base Ball Game Has Fun with Catcher on Train that Was Held Up.

"Pop" Wallace, conductor of the Union Pacific Overland Limited that was held up yesterday night, was greeted with cheers as he boomed up in one of the boxes at the West End Derby game in Vinton Street park yesterday.

Mr. Wallace is a great fan and never misses a game he can attend. As a result he is known and liked by many fans. He was the center of a hot fire of jokes and wisecracks by all of which he held up his two thumbs.

One man, directing attention to Mr. Wallace's immense proportions, declined to credit the report that the robbers had fired at and missed him.

NATURE'S PERFECT TONIC. Something more than an ordinary tonic is required to restore health to weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble. In S.S.S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain means for restoring strength and vigor to the system. The healthful, vegetable ingredients of which S.S.S. is composed make it splendidly fitted to the needs of those systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S.S.S. rids the body of that tired, worn-out feeling so common at this season, it improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and rejuvenates every portion of the body. The successful specialists of today are not the ones who try to cover the whole field of medicine and surgery and know just a little about every ailment, but the ones who are thoroughly experienced and conversant with certain classes of diseases and the complications that ensue. The physician or specialist who tries to explore and conquer the whole field of medicine and surgery does not become expert or proficient in any particular branch. You cannot place the same confidence in the ability of a doctor who scatters his faculties as one who concentrates all his forces on a particular specialty. We are living in an age of specialization; an age when success can best be obtained by the concentration of every faculty upon the unwavering pursuit of a single object. We are precisely such specialists. We have confined our practice exclusively to diseases of men and mastered them. Years of close study, thousands of dollars spent in researches and scientific investigation, reinforced by an immense practical experience, have resulted in a system of treatment that is a thorough, prompt and safe cure. All that deep knowledge, such as yours, is needed and the ability of a medicator. It is better to be safe than sorry. We treat men only, and cure promptly, safely and thoroughly, by the latest and best methods, BRONCHITIS, CATARRH, NEURALGIA, DYSPEPSIA, BLOOD POISON, SKIN DISEASES, KIDNEY AND BLADDER DISEASES, AND SPECIAL DISEASES AND their complications in the shortest time possible and at the lowest cost for skillful service and successful treatment.
